SANITARY PROTOCOL

The Beauté Sélection Nantes has implemented customized solutions to ensure the health, safety and serenity of our customers.

BEAUTÉ SÉLECTION

{ NANTES }

WELCOME

Distancing
physical

Disinfection
of the hands

Respect for the
road markings

Avoiding points
of contact

Hydroalcoholic solutions at your disposal

BEAUTÉ SÉLECTION

{ NANTES }

The organization of Beauté Sélection Nantes is in permanent relation with the services of the State and the health authorities in order to anticipate as well as possible the evolutions of the crisis COVID 19. The following lines correspond to the regulations and recommendations as of 01/20/2021.

A regular update will be made until the exhibition according to the evolutions or regulatory clarifications

GENERAL MEASURES

a. Tips for preparing your visit:

- Register online and print your badge beforehand to avoid waiting at the reception desk
- Select the conferences that interest you, making sure not to choose several at the same time

b. Global health system:

- Appointment of a "Sanitary Referent" person:
 - Ensures the proper functioning of the sanitary facilities available
 - Carries out compliance checks on the sanitary measures put in place
- Hands must be washed or disinfected on a regular basis and social distancing must be respected.
- Wearing a badge is mandatory to facilitate access control.
- Mobilization of trade show participants: partnerships set up to optimize access to protective equipment (hydroalcoholic solutions, signage).
- Dematerialization of communication materials when possible
- Reinforcement of reception staff and cleaning staff to provide the best possible support in applying the required sanitary measures
- Signage reminding the sanitary instructions placed in all strategic points of the event
- The presence of first aiders during the exhibition

BEAUTÉ SÉLECTION

{ NANTES }

Catering

- Increasing the number of take-away food outlets to limit the number of people moving around
- Expansion of seated catering areas to comply with physical distance guidelines

Documentation

- Favouring the digitization of documents (sending by email, access on website, application...)
- For documents needed on site:
 - The exhibitor handles only one document (in his name) for the demonstrations.
 - The visitor takes himself the documents accessible in self-service

Ventilation

- Adaptation of air treatment systems (100% fresh air)
- Keeping hall doors open for natural ventilation (if possible)

c. Reception / entrance

Visitors:

Access authorized subject to presentation of :

- A vaccination pass (complete vaccination schedule + booster more than 7 days old)
- A certificate of recovery of more than 11 days and less than 6 months is eligible for the vaccine pass

Caution:

Presentation of an antigen test is no longer valid.

Vaccination pass is mandatory for all visitors aged 16 years and older.

BEAUTÉ SÉLECTION

{ NANTES }

- Posting of sanitary gestures to be respected in the lobby
- Dedicated staff to optimize flows
- Hydroalcoholic solution dispensers distributed in the reception area

EXHIBITORS

General device on stand:

- Entrances from the back of the hall and spread over 3 doors to optimize the flow of visitors
- Make sure to manage the influx of people on the stands
- Provide the necessary products for regular disinfection of all points of contact on the stand
- Provide sufficient quantities of hydroalcoholic solution
- Post safety instructions on your stand
- Appoint a stand manager and a Covid referent
- Contact the organizing team for any questions or details regarding sanitary measures
- Catering on the stand: no prohibition on our side, for more details please contact the referenced caterer who will apply the protocol which is their responsibility.

THE VACCINATION PASS

What is the vaccination pass?

According to the law in force in France, from 01/20/2022, the vaccination pass will be required to access large gatherings in France, and therefore also to access the Beauté Sélection exhibition.

The vaccination pass is now required for gatherings over 1,000 people. The places, establishments and events concerned are precisely defined by regulation. Among them:

- Marquees, theaters, sports and cultural venues, conference rooms
- Exhibitions and trade fairs (per exhibition hall)
- Stadiums, outdoor and indoor sports facilities
- Theme parks (only for the categories of establishments that make it up, such as a restaurant inside the park)
- Large casinos
- Seated or standing outdoor festivals
- Outdoor sports competitions (if feasible)
- Cruises and passenger ships with accommodations in excess of 1,000 passengers
- Other events, where specifically located (e.g., community dances)
